

The board of directors' proposal for issue authorisation

The board proposes that the general meeting resolves on an authorization for the board to, at one or more occasions during the period until the next annual general meeting, with or without deviation from the shareholders' preferential rights, resolve upon new share issues. By new share issue resolutions made by exercise of the authorization, with deviation from the shareholders' preferential rights, the company's share capital may not be increased by an amount exceeding ten (10) per cent of the share capital in the company at the time when the authorization is exercised for the first time. A new share issue resolved by exercise of the authorization may be made with or without stipulation regarding non-cash consideration, set-off or other conditions referred to in Chapter 13, Section 5, first paragraph, item 6 of the Swedish Companies Act (2005:551) (*Sw. aktiebolagslagen (2005:551)*).

The objective of the authorization is to provide the board with flexibility in its work to ensure that the company can procure financing for the operations in an appropriate manner, to enable company or business acquisitions and to enable a broadening of the company's shareholder base.

The chairman of the board, the CEO, or any person appointed by either of them, shall have the right to make such minor adjustments to the resolution as may be required in connection with the registration of the resolution with the Swedish Companies Registration Office (*Sw. Bolagsverket*).

A valid resolution requires that this proposal is supported by shareholders representing at least two-thirds of the votes cast as well as of the shares represented at the meeting.
